ASHIK R S

SENIOR MOBILE APPLICATION DEVELOPER | FLUTTER | NATIVE ANDROID & iOS

Thiruvananthapuram, Kerala, India | +91 7403782452 | ashikrs005@gmail.com

LinkedIn: linkedin.com/in/ashik-rs-95b260287/

PROFESSIONAL SUMMARY

Mobile application developer with 4+ years of experience delivering production Flutter, native Android, and native iOS applications. Led overall development of four mobile applications for emergency response and highway services, covering architecture, implementation, team collaboration, and app-store releases. Skilled in Kotlin, Java, Swift, SwiftUI, Flutter, Dart, GetX (MVC), Node.js, REST API integration, maps, real-time location services, push notifications, and application security.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, GetX (MVC), Kotlin, Java, Swift, SwiftUI, Android SDK, iOS SDK

Backend and Data: Node.js, REST APIs, PostgreSQL, SQLite, Firebase

Maps and Location: Google Maps SDK, Mappls SDK, background location tracking

Integrations and Security: Firebase Cloud Messaging (FCM), Apple Push Notification service (APNs), AES/RSA encryption

Tools and Delivery: Git, GitLab, Android Studio, Xcode, VS Code, Google Play Store and Apple App Store deployments

PROFESSIONAL EXPERIENCE

Centre for Development of Advanced Computing (C-DAC) | Thiruvananthapuram, Kerala

Project Engineer, Jun 2023 – Present | Project Associate, Oct 2022 – May 2023

- Led overall development of four production mobile applications spanning citizen emergency assistance, police field operations, supervisory monitoring, and national highway services.
- Developed Flutter, native Android, and native iOS features; worked independently and coordinated implementation activities with other developers.
- Delivered API-connected workflows involving maps, background location updates, push notifications, secure data handling, reporting dashboards, and operational reliability.
- Published and maintained 112 India (Android and iOS), Police Force Terminal (Android), 112 Supervisor (Android and iOS), and Rajmargyatra (Android and iOS).

Kerala State Electronics Development Corporation (Keltron) | Graduate Apprentice | May 2022 – Oct 2022

- Contributed to software application development, maintenance, and manual testing, including HTML and JavaScript-based functionality.

SELECTED PROJECTS

112 India – Citizen Mobile Application | Flutter | Android & iOS

- Led development and publication of the citizen-facing emergency-response application on both Google Play and Apple App Store.
- Implemented SOS-related workflows, background location tracking, notification handling, SMS fallback, and integration with emergency-service APIs.

112 Supervisor – Monitoring and Dashboard Application | Flutter | Android & iOS

- Led mobile development and releases of a supervisory application for emergency-response operations on Android and iOS.
- Built API-driven dashboards with daily and weekly summaries, district-level reporting, event analytics, and interactive data visualizations.

NHAI Rajmargyatra – Highway Services Application | Native Android & iOS

- Led native Android (Kotlin/Java) and native iOS (Swift/SwiftUI) application development and publication across both platforms.
- Worked on FASTag Annual Pass, FASTag Local Pass, FASTag porting and eligibility workflows, route planning, toll plaza information, payment integration, and complaints/feedback features.
- Integrated mapping services, REST APIs, and platform-specific flows for highway and FASTag user journeys.

NG-ERSS Police Force Terminal (PFT / MDT) | Flutter, Dart, GetX (MVC) | Android

- Led development and Android publication of an officer-facing mobile application supporting emergency dispatch and field operations.
- Implemented event-handling features, real-time and background location tracking, map-based workflows, notification flows, and reliability improvements.

AWARDS AND RECOGNITION

- Best Performance Award 2026 – C-DAC, Thiruvananthapuram.
- Received appreciation from Indian Highways Management Company Limited (IHMCL) for contributions to the successful FASTag Annual Pass initiative.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science | 2021
Sivaji College of Engineering and Technology | Anna University
